S I R:

Applicant and his counsel have carefully reviewed the Office Action dated October 17, 2005, but believe the claims in their present form are patentable over the references relied upon in that Office Action. Reconsideration of the application in view of the following arguments in support of patentability is therefore respectfully requested.

REMARKS

In the Office Action dated October 17, 2005, claims 1-3, 5-8 and 11-19 were rejected under 35 U.S.C. § 102(e) as being anticipated by Yablonskiy. Claims 4, 9 and 10 were rejected under 35 U.S.C. § 103(a) as being unpatentable over Yablonskiy in view of Mills.

Applicant notes with appreciation the interview courteously afforded the undersigned counsel for the Applicant on December 14, 2005, wherein these rejections were discussed. The Examiner's supervisor, Mr. Gutierrez, also was present at the interview.
